

The Settlers High School

15 April 2016

Dear Sir/Madam

REFERENCE LETTER: ABDUR-RAHEEM LEE

Over the past couple of years Abdur-Raheem has shown himself to be an exceptional Computer Monitor and student at our school.

His dedication towards his duties are admirable. When provided with instructions to do something, such as installing new software, he will not only follow them to the letter, but also execute them quickly and efficiently. Abdur-Raheem is capable of thinking on his feet and adapt to any situation that confronts him. He is the type of person who thinks before he acts and will therefore overcome any obstacles that may stand in his way.

During his tenure as a Computer Monitor, he has shown promise and has since become a Computer Prefect. This leadership role was awarded to him as he clearly demonstrated the skills necessary to be a true leader. Although confident in himself, he remains a humble person – a leader who leads by example. He will not expect someone to do something he is not willing to do himself.

Abdur-Raheem has the necessary knowledge and skills to assist in any IT related job. He is a quick learner and with suitable guidance can become a phenomenal asset to any business which chooses to employ him.

It is therefore an honour to recommend him for whichever position he is applying. Should you have any more questions, please do not hesitate to contact me on (021) 948-6116 or via email: ng@settlers.org.za

Yours faithfully

G Nieuwoudt
IT Educator
